1978- Michael Joshua Ryan

3447 Connecticut St. 104 St. Louis, MO 63118 luser.droog@gmail.com 202-494-2570

Objective

To combine Renaissance aesthetics, cosmopolitan ethics, and scientific technique in the critique and construction of physical and conceptual artifacts.

Education

Dec 2020 BSCS University of Missouri - St. Louis (expected)

Employment

- Student Programmer, UM St. Louis Registrar's Office. Perform MARKIV mainframe database queries (MVS/TSO) and reformat data (UNIX) to produce reports (Line-Printer) and address labels using Postscript. One interesting project was producing the data for a student directory with embedded Quark tags. Developed a system for interactive queries and accellerated data entry using WinBatch.
- 2002-2019 Barista, Starbucks Coffee Co.

Extracurricular

- Study the guitar, piano, bass, clarinet, music theory, songwriting. Rock, Folk, Jazz, Ragtime, Blues, Classical, Flamenco. UMSL Jazz Band, Jazz Ensemble, Pep Band, Concert Band.
- 1998–1999 "Redaktor" of the Pierre Laclede Honors College Student Association's *Brain Stew*. Designed and Edited monthly magazine using Pagemaker and various other tools.
- 1999–2000 Treasurer of the UMSL ACM Chapter. Requisitioned "first" computer!
- 1998–2003 Intense interest in programming languages and language implementation, graphics and graphics programming.
- 2007-present Began the xpost project with a goal to implement a clone of Sun Microsystems' NeWS graphical programming interface for UNIX. Participated in internet programming fora: comp.lang.c, comp.lang.postscript, stackoverflow.com under the name luser droog, contributing programs, answers and questions.
- 2014-present Performed in local musicals with Stray Dog Theatre and Ignite Theatre on electric bass, upright bass, and electric guitar.

Portfolio

2008-present xpost: A Level-1 Postscript Interpreter for GNU/Linux/X11 (github.com/luser-dr00g/xpost). debug.ps: A portable Debugger for PostScript (github.com/luser-dr00g/debug.ps). pcomb: Parser Combinators in C (github.com/luser-dr00g/pcomb).
